CHARGING THE BATTERY AND HANDSET

- Charge the CaddyTrek battery for 6-8 hours
 - Charge the handset for 2-4 hours
1. Plug the battery charger into the battery's charging port.
 2. Plug the other end of battery charger into a power outlet.
 3. The indicator light should turn **RED** indicating the battery is charging.
 4. Check the battery charge level. LED indicator turns green when fully charged.
